6.1 Financial Report

Commentary on April 2021 Financial Statements

- 1. Attached is the April 2021 income & expenditure statement, balance sheet and 3 graphs showing surplus vs budget, working capital vs budget and the staff banking figure as at 30 April 2021.
- 2. In summary the month's YTD surplus is \$187,403 (March \$156,672) against budgeted surplus of \$87,439. Working Capital is \$986,774 (March \$1,055,642).

Variances

3. Negative variances to budget worth noting are:

Income

Donations/Fundraising/Activities is down as a much of the shortfall is because budgeted income comes from winter sports activities which haven't kicked in yet.

Expenditure

Learning Resources - Staff Development continues to be over budget for reasons explained previously.

4. Positive variances worth noting are:

Depreciation

As mentioned last month we have done a lot of work tidying up the fixed asset register and an unexpected result was that we found depreciation has been overstated. This month the correction has reduced the depreciation figure to approximately \$130,000 for the four months to 30 April- well below budget.

Balance Sheet

Working capital has risen to \$986,774.

- 5. **Staff banking**. This figure has dropped from last month's \$100,000 to \$63,000 due to the payroll adjustments we made this month. We are confident it will continue in the same direction over the next couple of months.
- 6. Fixed Asset Register.

The register has been corrected and now agrees with the accounts.

7. Current Actions/ Projects

		as completed/abandoned	back which can be set off against the
			overrun on the Massey Roof job. The
			Fire Alarm Upgrade has yet to be closed
			off but funds from that too will be offset
			against the Massey job.
5	Nov 2020	Migration to Xero	Finally, some progress to report. As
			Xero recommends that new clients start
			off with around 700 codes, we had to do
			a big cull of our chart of accounts which
			has 1698 codes! We got it down to 650
			and are currently loading those codes
			into the Xero system. We are also
			loading in our creditors' details-there
			are thousands of them, but we will
			initially enter the 500 or so main ones.

6.2 Principals Report

Staff Culture

As reported previously to the Board, the school has partnered with Shayne Mathieson of Top Drawer consulting to work with the staff to develop and enhance a positive and robust staff culture over the next 18 months. The draft timeline is currently:

- June Harassment and Bullying Policy is drafted for Board to review
- July Staff consultation on the policy
- July SLT meet with Shayne for initial leadership training
- August discussion and recruitment of contact group for staff to report bullying/harassment

Community Engagement

- 1. The first Pasifika fono of the year was held on Tuesday 11 May and was very well attended. The fono included reporting to families on actions the school has taken as a result of their feedback in 2020; celebrating Pasifika NCEA results; introducing 4 new Pasifika staff including Hannibal Ikahihifo (Acting DP); reporting on the positive ERO report; and seeking feedback on Learning without Limits. This report notes the excellent work of the Pasifika Council, staff who support our Pasifika students and Gerard Tindling DP for his leadership.
- 2. The centnary committee have met with Ngā Hau e Wha committee to discuss appropriate tikanga for the cenennial events in October. Consultation between the school and community is ongoing.
- 3. The Associate Principal and I have had a hui with representatives of Ngāti Tamaoho Trust Board and Te Pou Mātauranga o Ngāti Tamaoho. In June principals will be invited to the presntation of the Tamaoho Education Plan, which will include access to and guidance about translation and cultural advice.

Intermittent Attendance/Truancy

The Ministry's guideline for regular attendance at school is 90%. Despite declining national attendance patterns across all deciles in NZ schools, it is important to remember that PHS has significantly improved its overall rate of students meeting the 90% guideline over the last 3 years, as follows:

- 2018 53% (of students achieving 90% and above attendance)
- 2019 61% (of students achieving 90% and above attendance)
- 2020 70% (of students achieving 90% and above attendance)

Nevertheless, there continues to be concern about students who are not in class and who are either avoiding certain lessons by walking around the campus, or who leave the site and sometimes engage in anti-social behaviour. The number of students congregating in Bledisloe Park is less than at the end of 2020 - the John St gate has made that issue more mangeable but not eliminated the problem.

One way to measure intermittent attendance is to look at the difference between half day attendance and lesson by lesson attendance as a crude measure of truancy.

Term	Week	Half day %	Period by period %	Difference %
1	11	86	78	8
1	12	85	76	9
2	1	86	80	6

As could be expected, the issue was worse in the last two weeks of term 1 and improved in the first week of this term. We will report this data to staff each week and aim to gradually reduce the difference between half day and period by period attendance.

Response

We are actively seeking a community worker who can be a presence on the school gates and in the community and who can respond immediately to reports of students who are truanting. This person would need to work closely with our team of Kaitiaki Ākonga (Deans) and have access to KAMAR and be able to contact homes directly – hence a position of trust and confidentiality.

This report seeks the Board's support for a fixed-term appointment for a community worker to address the truancy issue and liaise with school and external agencies including Franklin Attendance Service and Franklin Family Support. This appointment needs to be made as soon as possible and we propose to seek recommendations from local community bodies of suitable people before interviewing.

School Property

The next cycle of 10 Year Property Plan (10YPP) begins in June. The Ministry have appointed Cameron Macbeth from the Greenstone Group as Project Manager. The aims of the 10YPP are to:

- Prioritise health and safety work that ensures the health and safety of buildings and site occupants
- Prioritise essential infrastructure work to ensure the integrity of the site and buildings
- Plan for maintenance work
- Plan for modernising learning spaces

School Uniform

Following the April Board meeting, the SLT have discussed the resolution regarding adding hoodies to the PHS uniform. A key concern has been to balance the integrity of the process for the Young Enterprise students who presented their proposal to the Board with the goal of improving uniform standards and overall presentation across the school. We propose to follow the intent of the resolution by holding a trial for Year 12 and 13 students that will be reviewed at the end of 2021 with the possibility of a wider uniform review in 2022.

To address the issues raised about school and house spirit, the SLT are planning for consultation on community and student perceptions about current house names.

Education Review Office

As background information for the Board, the model that ERO is using to review all schools is now very different to the full review experienced by PHS in 2018 and 2020 (and of course before that). The notes below are from a meeting that I recently attended with Nick Pole, Chief Review Officer at ERO.

I have not yet had any contact from ERO in regard to the new model of review but many schools nationally will be in the same situation.

- ERO is looking to fundamentally shift away from how it has worked over the last 30 years.
- Prototype approach won't be continuing with the former model of ERO.
- Partnership approach, adding value to school, better understanding schools' context.
- Tomorrow Schools Review identified ERO not adding value. Evolving and developing new approach. Embedded in schools' planning cycle.

- Rather than focusing retrospectively, ERO will be looking at where schools are at now and what might be an area of focus to take schools forward.
- Model intends schools to be partners to ERO. Support schools by looking at schools through an evaluation lens based on research.
- School improvement framework value of learner outcomes, conditions that underpin this. Over time want to develop tools and supports that schools can use.
- Strategic planning cycle report several times to leadership team and board, report will include
 material that will help schools. ERO will also provide a public report on a 3-yearly cycle, which will
 reflect what ERO and the school agrees are the issues, and the evaluation criteria and
 measurement.
- ERO will be strongly focused on continuous improvement.
- Intention is not to have a rating system as that was not effective.
- Working more intensely with schools with significant challenges and high levels of complexity.
- ERO to continue to publish reports. Intention is to do more of these.
- Important to have the right people from ERO in schools doing the reviews.
- In order to provide a leadership partner approach, ERO is open to secondment.
- Principals voiced a concern about inconsistent messaging around review periods.
- Currently engaging with 350 schools by next year all schools will be involved.
- Would be useful to have ERO involved at start of strategic planning process suggestion to look
 at when schools will be starting their new strategic planning process and plan evaluations to fit
 this timing.
- Transparency around tools and measurements used by ERO would be helpful.
- Partner at a more strategic level by including school principals in PLD training in evaluation processes.
- ERO More engagement with boards, strategic planning cycle, how ERO might set up training and development for PLD around developing evaluation lean and tools, how evaluation cycle locks into strategic planning and implementation and know it's successful.

6.3 Property, Health & Safety Report

PROPERTY

- 1. **SIP-** admin block update. We met with Project Manager Steve Waters on Monday 10 May to discuss the few small tasks required to finish the block. The main one is the ceiling tiles in Rachel's office. A contractor is coming on the weekend to complete the work.
- 2. SIP- volleyball/basketball courts. The new courts are now fully operational and getting well used

- 3. **SIP-Harris St entrance**. Once the two projects above are finalized we will see how much money is left to spend on upgrading this area.
- 4. **John St gate**. Working well most of the time but still the subject of student damage eg swinging on them and breaking the magnetic beam.
- 5. **Leaking roof issues**. We have had leakage issues in the Arts and Science blocks which an MOE approved contractor has looked at on Monday 10 May. He is writing up a report which may recommend a change to the pitch of the roofing.
- 6. **Boiler replacement**. The small boiler next to the Munro (Science) block is due to be replaced shortly. We believe it is a cheaper option than heat pumps. The other reason we didn't go for heat pumps is that the wiring in this block is up to capacity now and any extra load due to new heat pumps would cause the electrical system to fail and even cause fires. Replacement of the wiring would be a major job and render the block unusable while the job was being done.
- 7. **Vans.** We have looked at new vans and they range in price from \$50k to\$80k. Unfortunately, 12 seater vans are not being made now, an 11 seater Ssongyang was the biggest we could find. Was only \$50k and they have quite a good name.

6.4 Student Representative Report

The general feedback that I have gathered from students so far about the year thus far is that they are feeling a lot more confident about (the rest of) the year ahead. This largely because we have not yet had any major interruptions, but also because teachers now have systems in place to ensure that we will be prepared in the case of another lockdown. The hoodies have also been very widely anticipated since word got out that they had been approved by the BOT.

The student leaders have begun brainstorming ideas for the Labour Weekend Centenary celebration.

Shown below is the proposed design for one of the houses - Massey. As was discussed at the March meeting, hoodies for all houses will be identical, with the inside of the hoodies and the drawstrings being the exceptions. In regard to adding other elements to the designs, I've suggested that they possibly look into adding a Maaori pattern to the sleeve. They're hesitant to add designs that relate to the current house names and histories of the names, in case the houses were to change. SAS has reportedly offered to sell the hoodies on the website and allow students to collect their hoodies at the uniform shop. They business group is hoping to finalise the design by the end of Week 2.

6.5 Staff Representative Report

The teacher only day was of huge benefit to all staff. After a powerful and emotional morning talking about Mana Ōrite mō te Mātauranga Māori, there was a clear, deeper understanding being shown from staff about how ongoing unit plans must actively consider impact, student experience and a localised curriculum. For some, staff this was further supported by the Pasifika Fono which prompted brilliant conversations too.

The overall workload for staff is hitting quite a stressful peak. What was described as feeling like 'jetlag' from last year, teachers are hitting capacity. That being said, the collaboration between and in departments is supportive for the most part and working together on a common progressive goal is helping.

There are though some excellent initiatives though which staff are contributing to a wider-school positive influence; the Te Ara Reo course running and the Kids Can food over intervals are important to mention and further contributing to our goal of 'Impactful Partnerships'.

Planning & Reporting Policy

Policy to support NAG 2 Self Review

Outcome statement

That Pukekohe High School has a clear and open process for both setting a strategic plan for the school and reporting to the school community.

Scoping

The Board recognises that a clear strategic plan will outline the goals and priorities for the year. Regular reporting through the use of students achievement information will be used to evaluate impacts of teaching and learning.

Delegations

The Board is responsible in its governance role for ensuring that Pukekohe High School has a clear vision and strategic plan for the school. The Principal as chief executive is responsible for the delivery and reporting of this plan..

Expectations and limitations

The Pukekohe High School Board of Trustees, with and through the Principal and teaching staff will:

- Develop a charter/strategic plan as its major policy statement and the guiding document for the school. The charter/strategic plan will be updated each year and provided to the Ministry of Education
- Report to students and their parents on the progress and achievement of individual students:
 - on the basis of good quality assessment information
 - in plain language, in writing, at least twice a year
 - across the National Curriculum, as expressed in The New Zealand Curriculum or Te Marautanga o Aotearoa, including
 in literacy and numeracy and/or te reo matatini and pāngarau.
- Reports to the school community, without identifying individual students, on the progress and achievement of students as a
 whole and in groups, on the basis of good quality assessment information, including the achievement of Māori students in
 relation to the plans and targets developed in consultation with our Māori community.
- Maintain a comprehensive programme of self-review, and ongoing cyclical internal evaluation and inquiry, including:
 - plans and programmes
 - evaluation of student progress and achievement information, based on good quality assessment information
 - · implementation audits and reports
 - a triennial review of policies and procedures
 - special reviews triggered by emerging issues and unforeseen events.
- Provide an analysis of any variance between the school's performance and the relevant aims, objectives, directions, priorities,
 or targets set out in the school charter/strategic plan. This will be provided to the Ministry of Education at the same time as the
 updated school charter/strategic plan.
- Conduct an annual review of board performance, which considers the annual report, ERO report, the board roles and responsibilities, and any relevant matters.
